## PROJECTS

---

**MYPORTFOLIO**  | Tech Stack: ReactJS, Material UI, Node, Express, Tailwind UI **Nov 2023**

- **About project:**

- \* **Responsive Design:** Built with React.js for the frontend, implementing Material UI and Tailwind UI for enhanced styling and modern user interface.
- \* **Implementations:** Integrated React Router for navigation and utilized Redux for state management, providing a seamless user experience with responsive design across various devices.

**COVID-19 Tracker:**  | Tech Stack : ReactJS and Material UI **Jan 2024**

- **About project:**

- \* **Responsive Design:** Developed a dynamic and responsive COVID-19 Tracker using ReactJS, integrating live APIs to fetch comprehensive information about COVID-19 cases worldwide, including maps, flowcharts, and bar charts.
- \* **Implementations:** Implemented modern styling techniques using CSS, React libraries and Material UI to ensure an appealing and consistent design across various devices and screen sizes, enhancing the overall user experience.

**Google-Gemini-Clone:**  | Tech Stack : ReactJS , Material-UI and OpenAI API **Jan 2024**

- **About project:**

- \* **Responsive Design:** Developed a clone of the Google Gemini OpenAI platform, focusing on replicating key features and design for enhanced AI capabilities and user interaction.
- \* **Implementations:** Designed and implemented the frontend using React.js and Material-UI, and integrated Redux for state management and connected to the OpenAI API overall user experience.

**Video Recorder App:**  | Tech Stack : Javascript, Open WEB APIs , IndexedDB **March 2024**

- **About project:**

- \* **Responsive Design:** Developed a dynamic and responsive Video Recorder web application using JAVASCRIPT and the Open WEB APIs, designed to provide users with an interactive conversational experience
- \* **DataBase:** Integrated IndexedDB- browser based database for storing video and photos in gallery.

**Quiz App:- inspired by kounBanegaCrorePati:**  | Tech Stack : ReactJS, Javascript **November 2023**

- **About project:**

- \* **Responsive Design:** It is a responsive and fun web application- Quiz App, inspired by “Kaun-BanegaCrorePati”.
- \* **Implementations:** Utilized ReactJS and JavaScript to design and implement the application, ensuring a seamless and engaging user experience.

**Weather-Forecast app**  | Tech Stack : ReactJS, Javascript and CSS libraries, Open-APIs **November 2023**

- **About project:**

- \* **Responsive Design:** Implemented the frontend using ReactJS, JavaScript, and CSS libraries to create a responsive and user-friendly weather forecast application..
- \* **Implementations:** Integrated Open APIs to fetch and display real-time weather data, providing users with accurate and up-to-date weather information..

**Speech-recognition App:**  | Tech Stack : ReactJS and CSS libraries **Feb 2024**

- **About project:**

- \* **Implementations:** Implemented the frontend using ReactJS and CSS libraries, featuring real-time voice-to-text conversion utilizing the Web Speech API, allowing users to dictate text into a microphone and receive instant transcription.

### Javascript - Chrome Extension: [↗](#) | Tech Stack : Javascript

April 2023

- **About project:**

- \* **Responsive Design:** Developed a dynamic and responsive Chrome extension using only Javascript.

### React-Native News-App: [↗](#) | Tech Stack : React Native expo

July 2024

- **About project:**

- \* **Responsive Design:** Building a News app using React Native Expo with features including navigation, API integration for fetching news, UI components with Tailwind CSS styling, state management, push notifications, and offline support.
- \* **Mobile:** Utilizing Expo tools for seamless testing and deployment of the app across iOS and Android platforms.

## TECHNICAL SKILLS

- Frameworks: HTML and CSS, Bootstrap, NodeJS, React, ExpressJS, Postman, Ant Design , Material UI.
- Languages: JavaScript, C++, Java
- Databases: MongoDB, MySQL
- Tools/Platforms: Git, GitHub
- Emerging Technology: Blockchain
- Web Development
- Soft Skills: - Consistency Problem-Solving Skills, Team Player, Project Management, Adaptability,

## CERTIFICATIONS

- Complete Web Development by Udemy
- C++/C by Programming Pathsala
- Blockchain by Coursera

## EDUCATION

Lovely Professional University  
*B.Tech CSE - CGPA - 6.8*

Since August 2021  
*Punjab, India*
